HOG CHOLERA

A Large Number of Infected Animals In Mason County—Serum Being Used To Prevent Spread.

It is not possible to tell the exact number of cases of hog cholera in Mason county at the present time, but it can be stated with good authority that it is in the hundreds. The ravages of this dread hog disease has already killed quite a number of fine animals and they are still dying by the score.

A herd of over 600 hogs belonging to Messrs. S. P. Lyons and Harlan Day on the farm of Mr. Lyons near Oran-geburg, became infected and it is thought that a major portion of them will be lost. State Veterinarian R. P. Moody injected a preventive serum into these hogs on Saturday, which will save all that have not as yet contracted the disease, but will do no good for those already sick.

Mr. Jacob Reubenacker of near Washington, purchased a herd of sev-enty-five hogs recently which were discovered to have cholera soon after he got them to his farm. These hogs have also been treated by Dr. Moody, as also have over thirty more which he already had and were apart from the diseased ones.

The situation in Mason county will be watched with close interest for the next few days, as other cases of the disease may develop. It is not thought, however, that it will be necessary to place a quarantine on the county. The best way to be sure of avoiding the disease is to have all hogs made immune from the disease by the use of the serum.

SUFFRAGE VICTORY AT HAND.

The New York Tribune for April 7 contains the following editorial:

Advancement of the woman suffrage amendment to third reading in the Senate by a vote of 29 to 13 is almost certain indication of its passage when it is taken up next week. For that all advocates of political equality without sex distinctions will rejoice. The woman suffrage workers have made a plucky fight this year under new and trying conditions. They deserve the success which apparently they have within their grasp.

It may be considered unfortunate that they have strayed out of "the sphere" which is theirs "by nature and consent of man," as Senator Brown felicitously puts it. But regardless of nature and consent of man, hundreds of thousands of woman each day are adventuring outside that "sphere" because they must, in order to live. If the vote, with its privileges and duties, means any advantage to the male who earns his living and the living of others, by every standard of equality and fair dealing his sisters should have the same advantage.

Woman is not contesting the decree of nature, but she assuredly refuses to rest content with the "consent of man" on a question which involves fundamental democracy. Senator Brown admits that he may be "old-fashioned." When he opposes woman suffrage by any such arguments it is proved out of his mouth. If the man-admitted superiority of males is the strength of the opposition to the reform, its prospects for next year, both with legislators and the voters at home in the districts, ought to please its most ardent sympathizers.

LIBERTY WAREHOUSE COMPANY ELECTS OFFICERS.

At a meeting held Tuesday the Liberty Warehouse Company elected the following officers for the ensuing year:

President and Manager—C. M. Jones.
Vice President and Assistant Man-ager—R. H. Holton.
Secretary-Treasurer—George Wood Owens.

During the season just closed the Liberty sold 4,833,729 pounds of to-bacco, being considered same sales when it is taken into consideration the Liberty was only built last season.

Mr. Jones, who is president, is one of the best known tobacco men on this market, being quite popular among the farmers, and knows the tobacco game from beginning to end. He has sold on this market, as manager of the Liberty and other houses, the immense amount of 34,694,775 pounds of the amount.

Seventy-six out of eighty-seven cases of typhoid fever which occurred in a recent outbreak have been traced by the United States Public Health Service to infected milk. Had the first cases been reported to a trained health officer the outbreak could have been stamped out promptly. When will we learn that disease prevention is sure and cheap?

Mrs. Mary Marsh and daughter, Frances, and Mr. Robert Toup, of For-est avenue, attended the Ekman-Mute nuptials in Cincinnati Saturday and returned home Sunday afternoon.

ROOSEVELT AND ROOT MUST BE CONSIDERED IN COMING CAMPAIGN, SAYS WAT-TERSON.

Louisville, Ky., April 10.—Under the caption, "Business Is Business," Mr. Watterson in a recent editorial in the Courier-Journal says:

"Upon every side public opinion is in a more or less fluid state. Party lines hang loose. The Democrats, holding the inside track, have an advantage in the running. Possession may not give them the traditional nine points, but it affords an obvious per-centage. Beside, though in the last election they polled a minority of the votes, they are still a unit. It is the Republicans who, in leaky boats, drift, as it were, on an open sea. If the rival barks can be brought into port, refitted and victualled, the future may have another tale to tell.

"First of all, however, Skipper Roosevelt must be 'seen.' His old friends, the malefactors of great wealth, know him for as sweet a candidate as ever scuttled a corporation for a campaign fund, or cut the pigeon wing of progress to tickle the groundlings and inspire an army of Christian soldiers. Hence the Gary dinner. That settled, the second act of this mer-cenary scheme required that the rank and file of the Republican party, who stood by their guns and fought a loo-ing fight four years ago, be brought into line. Who so apt as Elihu Root to give the needed signal?"

"Hence the Bacon luncheon. "Business is business, and a party which has been buying presidential elections these forty years is not likely to balk before so easy a thing as the reconciliation of Theodore Roosevelt and Elihu Root. What is a little matter of sentiment among friendly presidential conspirators?"

"Besides, the quarrel, if quarrel there was, could never have been more than skin deep."

DEATH OF MRS. ROSIE C. DEVOS.

Mrs. Rosie C. Devos, aged 49 years, wife of Mr. Henry Devos, passed away at her home near Fernleaf Sunday at noon. Besides her husband, she is survived by four children, two boys and two girls. Funeral Tuesday afternoon at 2 o'clock from the late home.
